## Description

The author of five bestselling novels, including *Under Cover of Darkness* and *The Pardon*, James Grippando writes compulsively readable thrillers that could be drawn from today's headlines, only better. Now his trademark gifts are wonderfully demonstrated in a taut new tale of intrigue that will keep you guessing to the final, breathtaking scene.

Just two years out of law school, Nick Rey is on the career fast track at a hot Miami law firm when he is suddenly plunged headfirst into a dangerous bid to save his father. Matthew Rey has been kidnapped while on business in Columbia's exotic port city of Cartagena. The ransom demand of three million dollars is far more than the Rey family can ever hope to raise.

Fortunately, Matthew had purchased an insurance policy to protect against just such a threat. Unfortunately, the kidnapers seem to know all about the policy, and the insurance company, suspecting fraud, is refusing to pay out. With nowhere to turn, Nick links up with Alex, a beautiful, street-smart woman who may be the only person capable of negotiating with Matthew's abductors. But Nick soon discovers that the gravest dangers to him and his family are not the kidnapers and their guns, but the men in suits: lawyers, to be exact, at a powerful firm with something to hide, and they will stop at nothing to keep Nick from unleashing the truth.

Shelly: This booklet is very good within the proven fact that it has many elements that I by no means expected. Very exciting!

Kelly: I enjoyed this book! the tale was once thoroughly appealing from the very beginning. I stayed up until eventually four AM one evening simply because I simply needed to understand what happened. My sleep is especially beneficial with teenagers so the e-book certainly merits five stars if I lose sleep over it. I enjoyed the contact of "lawyer" combined with event and love story! It used to be perfect. I occasionally do not quite like legal professional books since it will get to mundane. This booklet used to be an ideal mix. I enjoyed how the writer bounced from side to side among Mathew and Nick. It made the tale extra attention-grabbing to listen to from various characters. The ebook is a little bit predictable, however the twist on the finish retains the reader intrigued. No swearing and no sex.
