Description

PUMPKIN POWER!

Nothing beats Halloween. It's Drew Brockman's favorite holiday. And this year will be awesome. Much better than last year. Or the year Lee and Tabby played that joke. A nasty practical joke on Drew and her best friend, Walker.

Yes, this year Drew and Walker have a plan. A plan for revenge. It involves two scary pumpkin heads.

But something's gone wrong. Way wrong. Because the pumpkin heads are a little too scary. A little too real. With strange hissing voices. And flames shooting out of their faces...

Insightful reviews

Jomaury: Have you ever wanted revenge so bad that you'll do anything to do it? But it also turns out weird? This book is fiction because it's a complete made up book that can totally not be real. I thought it was good because it had me hooked for a long time.****spoiler alert***** Drews friends Shane and Shana are aliens from another planet that were the ones behind the pumpkin costumes.

The setting starts off in Drew's house (the main character). Drew wanted revenge from Tabby and Lee because of the horrible prank Lee did on his Halloween party. But Shane, Shana, Drew, and Walker all make a plan to get back at Tabby and Lee for what they did. So Drew gets a phone call from Tabby saying her and Walker won't go to the party that Drew did because Lee's cousins are taking them to a farther neighborhood to get more and better candy. Drew gets really mad and upset after months and months trying to make that plan. Then they make another plan a year later because they are going to scare Tabby and Lee while trick or treating but then Drew is getting upset because Shane and Shana don't show up but there the ones who dress up like those pumpkin heads so then they end up scaring Tabby and Lee then they end up changing back into humans. This book I think is person vs person because it's Drew vs Tabby and Lee because of the revenge. Drew is a boy he has short straight black hair kind of has a pointy nose and a pointy chin and he's also short. Tabby has creamy white skin and straight long blonde hair and sparkling green eyes. Shane and Shana are both twins. They both have round faces and curly hair they have red cheeks and happy smiles. They're both short and sort of chunky. Lee is tall with dark brown eyes and a nice smile. He is also African American.

I couldn't understand why Tabby and Lee hate on Drew and his crew why don't they all just become friends and get along. I thought the ending of the book was very shocking because I didn't expect it was going to be Shane and Shana that were behind it all. I wish that they could all become friends instead of being mean to each other because it would have been cool if they were all a group and all of them getting scared by Shane and Shana. My favorite part of the book is when the dad of Drew gives him and her nicknames. He called Drew Elf and Shane and Shana Roly-poly. The thing that kind of shocked me was that Tabby and Lee were both scared. I thought

that they weren't scared of anything. This kind of reminded me of a time where I told my uncle I'm not scared of anything but when I was sleeping he whispered in my ear ay mis hijos. I jumped from my bed saying la llorona is going to get me! and i woke everyone up.

I thought the book was intense funny and amusing. I rate this booms a 9-10 because it was good but not too good. I would recommend this book to daisy because i heard she likes intense books. If you have nothing to do and you want something intense to read this book because you will feel it getting intense thank you and i hope you liked my book review

They came across that their pals had scared them. There have been aleins. Drews good friend knew that they have been aleins yet she informed Drew. Drew was once beautiful curious how did they scare them. Read should you dare..... via Matthew

Sydney Christopher: i really distinctly consider having this publication on my little table in third grade, and understanding that there is most likely a greater ebook available in the market to read, yet that this e-book should still do. I take into accout examining the tale concerning the kids, pulling a prank on jerks, yet really turning inot creppy jogging jack-o-lanterns. i be mindful I selected this publication to learn simply because Halloween used to be coming soon. *sigh*. yet i gave it 2 stars simply because I additionally bear in mind skipping lots of the heart simply because i used to be bored of the Halloween social gathering scene. I lastly, take into accout this used to be the first booklet i would ever learn that had a curse note in it (a small dead one), and that i felt like a grimy undesirable lady as a result of that. it was once my first stirrings of horror.

Jerome: A a bit shrewdpermanent and stress-free Goosebumps tale. A twelve-year-old lady with the not likely identify of Drew plans to come again at her tormentors Lee and Tabby (Tabby?). Drew and her pals plan a Halloween prank until eventually tales commence circulating approximately townspeople disappearing. Eventually, ghost-like creatures with jack-o-lantern heads appear and strength the children into trick-or-treating, consuming all of the sweet they collect, after which commence over again. actual evil, right? As it turns out, the creatures are

literally Drew's pal Shane and Shauna---who are literally aliens. Huh?
