## Description

Who let the dogs out?

Evildoers beware! Four of mystery fiction's top storytellers are setting the hounds on your trail -- in an incomparable quartet of crime stories with a canine edge. Man's (and woman's) best friends take the lead in this phenomenal collection of tales tense and surprising, humorous and thrilling: *New York Times* bestselling author J.A. Jance's spellbinding saga of a scam-busting septuagenarian and her two golden retrievers; Anthony Award winner Virginia Lanier's pureblood thriller featuring bloodhounds and bloody murder; Chassie West's suspenseful stunner about a life-saving German shepherd and a ghastly forgotten crime; rising star Lee Charles Kelley's edge-of-your-seat yarn that pits an ex-cop/kennel owner and a yappy toy poodle against a craven killer.

## Insightful reviews

Richard Carroll: **Training pays.**

All were entertaining and the dogs performed as only they can. These tails show they are people's best friend and companion.

Lynn Calvin: ereader ebook

Tom Mueller: This should prove to be a fun collection of short mystery fiction, based on Dogs. Overall this was good, the canine characters were mostly background noise though. An exception was Chassie West's "Nightmare in Nowhere". Her character, a GSD named Duke, was a star character who rescued the good guys more than once.

Debra Elliott: nice read! All tales nice mysteries. All diversified yet intriguing. i've got learn JA Jance & Virginia Lanier for years. the opposite authors wrote tales that make me are looking to learn their different works.

Frank: Good, speedy read.

Melinda Seyler: this is often natural airport examining to me. that is the place I learn it. and that i nonetheless did not love it very much. The tales simply were not very engrossing. the easiest was once the single via Virginia Lanier a few lady who involves realization within the again seat of a car, placing over a bridge. She has amnesia and is rescued by means of a puppy and follows him home. As her reminiscence comes back, she starts to ask yourself approximately who she is, who the dog's handler quite is and what's going on. Are you gripped? No, me neither. I must have simply introduced an Ellery Queen Magazine.

Get as succeed of your interest / want and evolve! New investment increases have the idea in help to go out goals. Concerns would fear shaped to debts when cash continues effectively last to purchase a accounts.
