## Description

**THE BATTLE BEGINS** The Iga clan and the Kouga clan have been sworn enemies for more than four hundred years. Only the Hanzo Hattori truce has kept the two families from all-out war. Now, under the order of Shogun Ieyasu Tokugawa, the truce has finally been dissolved. Ten ninja from each clan must fight to the death in order to determine who will be the next Tokugawa Shogun. The surviving clan will rule for the next thousand years. But not all the clan members are in agreement. Oboro of the Iga clan and Genosuke of the Kouga clan have fallen deeply in love. Now these star-crossed lovers have been pitted against each other. Can their romance conquer a centuries-old rivalry? Or is their love destined to end in death? From the Trade Paperback edition.

## Insightful reviews

Saira: The story was so amazing and so full of emotion that the ending literally broke my heart! Wish it could have an alternative ending but I suppose that made it all the more realistic! A must read!

Nicolo Yu: This is an interesting manga title. The first of a series of five books that tells the ages old rivalry of two ninja clans and the love caught in the middle of it.

What makes it particularly heart wrenching for the star-crossed lovers was they were in the midst of preparing a wedding to finally unite the two clans. That was until fate intervened, or specifically the shogun, who planned to use their bitter enmity to resolve a succession crises among his sons. One clan would represent a son and the clan who was the last standing would claim the throne for its surrogate and the beaten clan would be wiped out to the last man.

Interesting take on the Romeo and Juliet story.

Darnell: The premise of the series is "ninjas killing each other in clever ways" - that is also a reasonable summary of the entire plot. There's something admirable about being so single-minded in purpose.

Roni: The snap shots have been so cool to seem at. the tale at starting used to be slow, yet speedy picked up a piece after 1/2 the book. just like Romeo and Juliet, yet might learn Vol. 2 to work out what is up.

Poe Wilson: genuine rating: 3/10Manga/GN rating: 5/10A visually certain freak express that believes nudity and gore are expectable replacements for intensity and story. the story follows ninjas whose names slip from your brain the instant they pop at the page, simply because why trouble they're 1 dimensional characters that serve little or no objective except advancing to the subsequent pool of blood.This paintings is for somebody who sees a slasher movie as intellectual leisure and for somebody who needs to work out the medium step right into a larger country of literary knowledge it's yet a reminder that schlock sells larger than quality.
