Insightful reviews

Carol: Charlie Resnick is an appealing flawed hero. He investigates an attack at a large teaching hospital, an attack carried out by someone who seems to have surgical skills.

Allen Caraway: This is the only John Harvey novel that I have read so far, but I immediately became a big fan. I suspect that Michael Connelly has been inspired by Harvey's work as the similarities cannot be missed. Quite simply some of the best writing that I have ever experienced. His characterizations are the best I have ever read. They are utterly SUPERB. Better even than Dick Francis, and Francis had that knack of creating a vivid image in one's mind with only a few words.

Christianne: Book three of the Resnick series. In this one you learn more about Resnick's divorce. The author has been good at filling in details about the main characters from book to book.

Mike Gabor: Charlie Resnick is investigating a stabbing of a tender general practitioner at a Midland hospital. whilst different stabbings occur, one proving fatal, Resnick makes an attempt to tie them jointly and search out the killer. The 3rd e-book within the Resnick series. The secret is easily plotted and strikes alongside quickly. The characters are good fleshed out and there's additionally loads of information about the private lives of a few of the characters. The finishing used to be just a little a surprise. an outstanding mystery.

Pete: now not a superb novel within the Resnick series, yet has adequate parts to make it interesting. Harvey, from my analyzing of his books, is particularly robust on social remark and the institutions of the justice system. he isn't approximately as robust at the villains of the piece. None of whom come alive as useful oppononts of the Detective on the centre of the stories.

Bonnie: 3rd within the sequence of Charley Resnick, this one follows Charlie as he attempts to resolve assaults on Midlands clinic employees participants via an individual utilizing a scalpel. whilst one assault proves fatal, the intense Crimes unit locate themselves crushed . a lot element is obtainable as a result concerning the own lives of the lads and lady within the unit. on the finish while the reader is thinking, "Yes. I knew it was once him," Harvey pulls a shock so devious the reader is left with gaping mouth.
