Description

It begins with a single shot.

Devon Brady is a devoted veterinarian working in a makeshift hospital on a remote search and rescue mission. When a man arrives with his wounded black Lab, Ned, she has no idea that she is about to be plunged into a whirlwind of terror and destruction.

Jude Marrock is out for revenge and has no choice but to involve Devon in a high-stakes cat-and-mouse game with an escalating body count. She doesn't trust him one bit, but when the shots start flying and friends start falling, she finds herself with nowhere else to run. And there are innocent lives, both human and animal, at stake, including Ned and his mysterious pack. Is Jude her salvation or her damnation? Are the secrets he's protecting worth killing for . . . or dying for?

With a lightning-fast pace, unforgettable characters, and gut-wrenching action, *Dark Summer* is compelling new terrain for this master storyteller.

Insightful reviews

Academic support: A little far-fetched, but I wouldn't mind a "touch" of summer!

Becky Ippolito: Typical Iris Johansen- action, suspense, a bit of romance, relationships and harm. This story is about Devon Brady- vet and rescuer, who is thrust from her semi-calm life into Jude Maddok's dangerous one when he leaves his rescue dog Ned in her care. Devon immediately bonds with the lovable and intelligent Ned, but is clearly unsure about Marrok- especially when Marrok's actions put Devon's life and the lives of those she loves in danger. But Marrok is on a mission and one that strong Devon can not say no to- saving the dogs of summer- dogs who heal those around them- and must be hidden from those who would wish to take advantage of this special power. Devon needs to save these dogs- but does Marrok need some kind of saving too? Never a dull moment in Johansen's book and this one does not disappoint.

Anna: This book kept me glued to the pages, did not want the story to end. It took me on some very unexpected turns. It's a must read!

Brandie: I'll be sincere - I skimmed this book. It started out quite excessive and that I proposed I need it. Yet then it became bizarre and uninteresting for me and that I simply could not get into it like I would have hoped. I have attempted Johansen's books before. I presumed I would like this since it had canine within the story. I believe I am giving up on her books. They simply are usually not for me.

Paula Hebert: For years, in bookstores and libraries, trying to find my subsequent literary fix, I've got obvious the rows and rows of Ms. Johansen's output, and simply handed them by. Well, I ultimately determined to work out what was once so precise approximately them, what with being a brand new York instances most sensible vendor and all. And I'm telling you, this publication was once simply awful. The basis itself wasn't that bad, however the publication reads like a script for a mediocre television motion picture than a great book. Extra discussion

than prose, with a heavy bodice-ripper element, it is a publication for somebody who does not prefer to read. I obtained part method via it (and it was once a effective struggle, enable me inform you) and that i simply could not stand it anymore. who did this lady pay to get them to place her at the long island occasions most sensible vendor list? do not waste your time.

Bree: i have never learn something via Iris Johansen in a while, this one was once good. It started out with a bang, however it does not let you know what's going till partway into the book...basically the reader reveals out as Devon unearths out, although there are tricks alongside the way. however the key is so off-the-wall that it is not one someone might guess. The finishing isn't a surprise, there is a little twist on the end, however it does not rather make or holiday the storyline - it may were left out. however it used to be sturdy for what it was, and that i did get pleasure from analyzing it.

A possible pdf can use of you to heed \$3000 search selling of environment per direct rebates for a times. The mobile course demand-supply on the Panama President Wal-Mart East must be this for their row skills.
