Description

As if obedience school wasn't bad enough, Ike now finds himself in jail--wrongly accused (of course!) of terrorizing the Hibbins' cats & stealing their cat treats. Once again, he pleads his case to Mrs LaRue, who's vacationing in France, but to no avail. When a string of canary burglaries stalls the Snort City Police force's investigation--and reveals their crime-solving ineptitude--Ike flees custody and takes matters into his own paws. Expect more mad-cap comedy in Ike's daring escapades (real and imagined), as well as ingenious split-screen visuals from the incomparable Mark Teague.

Insightful reviews

Susan: Great for an introduction to a unit in newspaper or letter writing as this whole story is told through newsclips and letters written by none other than a dog. In addition, the humorous pictures tell a story all their own making this an excellent choice for discussing point of view and multiple perspectives on a tale. When two cats go missing, LaRue finds himself framed in their disappearance. Yet police are distracted from the case when a series of canary kidnappings break out. LaRue must solve the case and find the cats if he ever hopes to return home.

Rebecca Knight: LOVED it! Read it out loud to a group of first graders today, and they were totally into it. Sophisticated vocabulary, great art work, and super funny "newspaper articles" about this clever canine.

Erick Escalera: Ike is just a misunderstood dog that gets sent to Igor Brotweiler Canine Academy by his owner. Ike gets sent to the academy and by Ms. LaRue who is displeased with Ike's misbehavior. While Ike is in the dog academy he writes letter to Ms. LaRue to tell her of the horrible time he is having. He may be exaggerating some details to Ms. LaRue. The letters continue frequently until one day the Bike escapes from the academy and leaves town. But Ike will find it harder to separate from Ms. LaRue than he previously thought.

This book contained a contrast between the text and the illustrations. All of the text was written via newspaper or letter. While the text read one side of the story, the picture will depict a thought-bubble that will convey the imagination of Ike vs. the reality of his situation. It was a fun play on Ike's desperate attempt to get out of the academy. The story showed Ike doing human characteristics and writing. Though Ike wrote letters, he still had his dog characteristics. This was shown by the apologies he wrote about where he did such things as eat Ms. LaRue's pie and annoy the neighbors with his barking. The commentary from Ike has humor because he heard a dog's perspective from an actual dog in trouble.

Carleen: Cute, Liam loved the complete letter/newspaper format.

Maria Andrade: After the disappearance of Mrs. Hibbins cats, puppy Ike LaRue turns into a dog apprehended by way of experts and is taken into custody. However, to turn out his innocence and locate the missing cats, Ike LaRue escapes from prison, later to turn into a hero within the

process. The illustrations on every one web page have been performed wonderfully. Mark Teague used each inch and nook of paper with colorful, in addition to black and white illustrations to seize the general surroundings of the story. Mark lead readers on an adventurous journey viewing the motion because it occurred in either colour and black and white illustrations. this will surely make an exceptional learn aloud because it may enhance student's severe pondering whereas studying and making assumptions to what's going to continue subsequent within the story.

Tara Frye: i presumed this e-book used to be ok. It used to be a few puppy that misplaced his home. How original? i feel it could've been extra inventive than that.
