Description

Appearing from the remote future, Nexx Central agent Ravel is emplaced in America, circa 1936. His mission: to undo successive tamperings of the time stream which threaten the survival of Mankind. He falls in love with a lovely, simple girl, Lisa, but in the midst of his happiness is called away to Dinosaur Beach.

Dinosaur Beach is a Nexx Central station located millions of years in the past, in the Jurassic Age. But shortly after Ravel's arrival, the station is attacked and destroyed, and Ravel begins a terrifying odyssey through time.

For the attackers were another time-tampering team from still a different future era. And Ravel himself is not only in growing danger but the human world as we know it.....

Dinosaur beach is the most exciting and ambitious novel yet by the author of *The Other Side of Time*, *Envoy to New Worlds*, and the famous "Retief" stories.

Insightful reviews

Douglas: Despite the misleading title, I thoroughly enjoyed this book.

Terry: This is one of the four most exciting and thought-provoking time travel novels I've read. First you think you're in a gripping thriller then in a nano-second you find you're involved in breath-taking roller-coaster ride through temporal paradoxes that grips you to the final sentence. Brilliant!

Scott Duede: This book surprised me in a few ways. The writing is good, and the story is sound. Worth reading.

Gerald Creasy: i've got learn this booklet 3 times. first-class scifi time travel.

Amy C: a difficult learn for one who is now not into sci-fi.

A.A. Jankiewicz: nice e-book and positively one i'll have to reread!
