Description

From the award-winning, national bestselling author whose books are "smart... sexy...sensuous...[and] legendary!"*

L.A. architect Nicole Lesdaux has just signed on to create a tree house for record producer Johnny Patrick's little girl, Jordi. The hunky single dad has given Nicky an unlimited budget-though she might have agreed to work for free, if it meant watching his sizzlingly sexy body by the pool every day.

But mixing business with pleasure is one of Nicky's no-nos-so she focuses on making this music mogul the Taj Mahal of tree houses. Until Johnny's ex-wife makes off to Paris with their daughter...

Since Nicky speaks the language, a desperate Johnny needs her help finding little Jordi. En route, sexual tensions run ever higher. Again and again, the two must fight back the urge to come together. And, as Nicky discovers, Johnny does know some French after all.

Insightful reviews

Squallogal: By C.C Gibbs

Loved this book. Could see it as a series. All the characters are interesting. I now want to look at treehouses

Bronwyn Rykiert: Nicole Lesdaux is an architect who has been given the job of designing and building one of her famous tree house's for Jordi Patrick, whose father Johnny is a famous music producer. Wow! How is she going to handle working around this hunky guy?

Things move pretty fast for this pair as Johnny's ex-wife takes Jordi to Paris without his permission. Johnny wants someone who can speak French so he asks Nicky to accompany them. His ex-wife is mixing with a bad element and she steals from them and gets herself into some hot water.

If you want a serious book with an interesting mystery this is not for you, as the story line in this is a bit iffy, but you want a quick fun read with lots of sex, this is for you. It is quite explicit and I enjoyed it.

Anita: It was a very good and fast read. The back of the book says it is "sensually charged" and I would have to agree with that. I think it is a good book to share with a friend, but maybe not your mother. (if you know what I mean)

Amy: it's a a bit of foolish little bit of fluff. I loved it for some time yet then it grew to become them falling into mattress always with frightening mafia males after them. i am sorry to claim that I did end the book, by means of examining a line or for each 10 pages or so. Then I went to the

library and collected whatever worthy reading. I sometimes like an outstanding romance novel. this is not one.

Ashlie: while you're shallow and ignorant perhaps you will like this book. Or in case you are simply in need of a simple learn that has no element then this can be it. i am sorry I learn the book. i am simply now not one not to end anything i have already started. The characters swap greatly from the beginning of the booklet to the end, even if the surroundings is just a few 1-2 week span. It used to be too incredible for me-- no longer in a very good fiction way--since this was once alleged to be a practical fiction. i don't believe i have ever been so disenchanted a few book. perhaps it is a new style (flaky-doubtful-realistic-fiction) i did not understand existed and that folks truly enjoyed...

Azwildcat * reads too much romance *: ***** My scores *****Hero rating: 4.5Heroine rating: 4Steam Factor: 4Plot/Storyline: 3.5*****Overall rating: four
