Description

#1 *New York Times* bestselling author Julie Garwood proves she is a master storyteller in this classic romantic suspense novel featuring FBI agent Nick Buchanan.

In the still shadows of the confessional, the penitent kneels and makes a bone-chilling disclosure: *Bless me father, for I will sin...* Slowly, tauntingly, the man describes his murderous past—how he stalked his victim, worked his way into her life, and then took that life in a violent rage—and his plan to kill again. Only this time, he has raised the stakes in his twisted game, daring authorities to catch him if they can. And this time, he has revealed the name of his next intended victim.

Agent Nick Buchanan has come face-to-face with society's worst monsters and depraved minds in his work for one of the FBI's most elite units, but *The Heartbreaker* threatens to hit close to home. The intended victim, Laurant Madden, is his best friend's sister.

Soon he is caught up in an intricate chase with one of the most devious psychopaths of his career. But as the danger grows, so does an electrifying attraction between Nick and Laurant.

One false move will cost both of them everything that matters.

Insightful reviews

Hope Frost: This was my first Garwood book, but it will not be my last. The first part of this book was pretty slow to me, a lot of back story was given, and in my opinion it would have been better to scatter it around the book, which was done, so it was some redundancy. That being said, once I got to the dialogue, it was great. Laurent and Nick were witty and she gave as much as she got. She was strong but not in the alpha sense. I loved reading the struggle Nick was having when it came to matters of the heart. The secondary characters were great, I fell in love with her nosey neighbors almost immediately. I was almost certain there were more than one bad guys from the beginning, but then I second guessed myself and I kept guessing until it was all revealed. I loved being kept on my toes. The bad guy was one that could give you nightmares because it is something that could actually happen. Can't wait for the next in the Buchanan series, *Mercy*, starring Theo, who we met briefly in *Heartbreaker*.

Shelby *wants some flying monkeys*: I really enjoyed this book. I will definately give Julie Garwood another try.

Cmkage: I bought this book on impulse, but I'm so glad I did. It turned out a delightful read. The suspense was great, the couple sweet and there were plenty of scenes that made me smile. I'm definitely going to read the next book in this series.

Lyndi: this is able to were a 5 famous person learn if Laurant wasn't so contradictory. whenever she made a decision, she instantly desired to switch her mind. It wasn't all that bad, yet she did

it so frequently that it fairly caught with me. Otherwise, no complaints. i actually loved it. So far, and i am interpreting it completely out of order, this sequence has been awesome!

Laura V.: Se lee bastante bien. los angeles autora no tiene reparos en prestar atención al más mínimo detalle de l. a. trama, por lo que a veces los POV de otras personas pueden resultar densos.Noah es adorable, <3 Ya quiero leerlo.La historia está bien, hace más hincapié a l. a. trama significant que al romance, pero los personajes son bastantes simpáticos y te hacen l. a. historia llevadera. El romance a mí me pareció bastante apresurado a pesar de los angeles cantidad de páginas que tiene y un poco increíble. Pero el ultimate fue muy lindo, y Nick con sus burradas te compran un poco el corazón :3

jenjn79: A true-blue romantic suspense. a few romantic suspense books are romances with suspenseful storylines, yet this is often a kind of books that may be a natural suspense books with an effective romance in the back of it. And total it used to be a fantastic read. I loved it.Good plot...well planned, sufficient twists, lots of suspicion solid about. stable characters...likeable, interesting, really good developed. And a good romance...not great, yet significant enough.If you love reliable romantic suspenses, then supply this one a try.
