## Insightful reviews

Angie: Thought I would give myself a break from the old classics and try some classic trash and this book got me hooked. I absolutely love Jackie Collins. She's fun and easy to read and I've happened to get a couple of friends reading her works too. God bless Jackie Collins!

Linda: **Fabulous**

I had been meaning to read a Jackie Collins book for a while and after seeing her on television recently I explored Amazon and bought this book as the reviews said it was one of her best.

And how right they were! Exciting, scandalous, funny, saucy and utterly captivating... I just couldn't put it down.

Unfortunately the day I finished the book was the day Jackie's death was announced. But my Jackie Journey has now begun! I can't wait to start the next one!

Jon: There's no denying it's complete trash and the author and her sister have made a lot of money somehow on not being particularly good at anything in particular, as French and Saunders would say 'Lucky Bitches!'. Still its cult status trash and you can't help getting a smile out of it, 3 stars!

Ushlah Aluthge: Loving, spending & succeeding –no one does it greater than the Hollywood Wives. Wow Jackie Collins you've got performed it again. nice Novel. -Glamorous, attractive & hard –When lifestyles is that this fast, there are not any guarantees. definite and in addition don't ever forget- prestige is every little thing too. This novel is a sizzling blockbuster that exposes the glittering bitchery of Beverly Hills –before racing to a chilling & unforeseen climax.

-A: I learn this booklet in the course of summer season whilst i used to be more youthful (so much!! - i used to be in basic school. sixth grade?). And i used to be glued to it - it was once totally different from all earlier reads and the writing variety used to be amazing (even in translation). Ah, i would like to learn it back someday :)

Elizabeth: one other bookclub request classic. reliable and trashy. and that i even realized anything from this booklet (i know, right?! i will be able to really learn. i am full-on WOPR computer...how a few great video game of chess?) besides here's what i learned: Warren Beatty and Jack Nicholson will always, continually arrive overdue for your celebration so that you may still absolutely plan forward or whatever. and incest is waaaaaaay higher than calling your son worthless. (and now you recognize why it truly is stars). WHAT. THE. F? seriously? SERIOUSLY? oh after which (OH AND THEN!!) the mummy used to be all like "well it isn't incest since you have been adopted. (oh, spoiler alert) so, see, it's very ok.... do not name baby prone on my different son.....because he is truly my real son, so not more incest for me (yay!)...um, i mean, it particularly wasn't incest first of all .... um...yeaaaaah...we're reliable right?" NO. no, we're not good. that child spent like 10 years or no matter what pondering that he slept together with his mom all greek tragedy. AND HE WASN'T THE loopy ONE?? um...\*cough\*...so that is what i realized from this book. enjoy!i wish to express regret to the 80s for this poorly written review. you men did not learn about psycho-killers qu'est-ce que c'est or something like that. so i actually can not fault you men for a personality who all of sudden turns into loopy with a very cliché part assed again story. oh, i need to ask for forgiveness to jackie collins. i absolutely notion your sister, joan, was once the "no extra twine hangers" chic. yet jill instructed me that used to be joan crawford, now not joan collins. so, um, sorry.
