## Insightful reviews

Hannah Givens: An ideal choice for small children who like colorful pictures of fish.

Barbara: Summary (CIP): Swim along with Little Fish and meet all his fishy friends in a splishy, splashy riot of color and rhyme under the sea.

REVIEW: This cheerful and imaginative oversized boardbook with concepts and controlled vocabulary hits a little of everything: rhymes, opposites, a few numbers, colors, and patterns galore. Did you ever see fish with hearts, stars, or clouds on them? Or a peacock fish? You'll see it all in this fun book that ends with a reunion with momma fish and 'kiss, kiss, kiss'. This would be great for fishy or ocean storytimes.

SLJ: Positive.

Booklist: Positive. "Cousins isn't trying anything new here, but her proven formula of basic, enthusiastic text and bright artwork will please her fans, who will likely shout, "Hooray for fish!" right along with the text."

Erin: My son got this book for his 2nd birthday, and he absolutely loves it! It has colours, rhyming, numbers and counting, so clearly it gets the Mommy Stamp of Approval for its educational content, lol. But it's fun, and even though he gets me to read it with him at least 10 times a day, I still like it :)

Nashiea Edmiston: an excellent selection for an early easy fish/underwater unit. The layout of this ebook is visually attractive for younger children; big, bright, colourful pages with an impression that appears like every thing has been coloured in with finger paint yet in a truly methodical fashion, together with the text. I enjoyed the entire adjectives during this book, such a great way to introduce childrens to phrases like; thin, gripy, shy, and curly. the top was once a shock and that i enjoyed it simply up to my 4-year outdated yet i am a section biased!

Gillian: i love books! (Print motivation)

Kristy: ranking 3.5Hooray for fish is nice, uncomplicated rhyming ebook with huge illustrations of alternative fish. the youngsters relatively loved it, particularly the fishes just like the ele-fish (which has a trunk!). stable for preschool storytime.
