Insightful reviews

Alysia: I thought it would be a book about a grumpy witch, instead I found a book with a delightful young witch who just can't make things go how she would like them to. Easy to read for an emerging reader, quick, too.

Chris: We just read this book tonight, gearing up for Halloween next week. My daughter loved the illustrations and cracked up during the potion making portion. The story was very sweet, even though the witch wasn't successful at being witchy, she never lost her temper or seemed disappointed. No spoilers here, but we were both surprised at the ending! Highly recommend this book for grown ups and young witches in training.
