Insightful reviews

an: semakin lama dibaca, semakin menggemaskan tokoh satu ini. bocah kritis, ndut dengan pipi tembem na dan rambut mirip ijuk. jadi pengen dipeluk-peluk...

kalo denger celetukan dia ma komen dia tentang dunia, sebagai orang yang sudah tidak bisa lagi dibilang kanak-kanak, pasti pembaca akan dibuat tertawa, tersenyum atau minimal... geleng-geleng kepala.

dibanding buku pertama, komik strip ini lebih menunjukkan alur cerita na. kalo di buku pertama disatukan berdasarkan tema, di buku kedua ini lebih terasa cerita dari strip yang satu ke strip selanjut na. tetep ngegemesin....

Weni: Miguelito & Mafalda pulang sekolah.

Miguelito: Hari ini guru kami mengajari kami kalau Colon menemukan benua amerika.

Mariana: Still a wonderful comic book. The way Mafalda see the world I can relate to. The funny thing is when I started to read Mafalda I was very little and I always thought that Mafalda was a USA product like Calvin & Hobbs. Only 10 years after that I discovered it was from Argentine.

Dony Grayman: Edición con este mismo ISBN pero con l. a. vieja portada verde. Ejemplar en buen estado pero con el lomo medio dañado.

Federiken Masters: Alarremier... Sabía que Mafalda period well known en todo el mundo, pero l. a. cantidad de reseñas en indonesio que tiene este tomo es apabullante. Sin duda Mafalda es una de esas joyitas en las que uno oportunamente se siente orgulloso de ser argentino.

Fernanda Aspillaga : Definitivamente Mafalda será mi historieta a coleccionar. Me llama mucho los angeles atención que un ilustrador en tan sólo tres viñetas pueda plasmar de una manera sencilla preguntas y cuestionamientos que a más de cuarenta años de su creación nos mueven. Mi favoritismo por Felipe y Mafalda siguen en pie!
