## Insightful reviews

Sashi: So in my 9th grade I was stuck at my grandma's in Bhubaneswar for two months and all they had to read were novels for girls (my cousin was 9 then). I had no choice! Judge me all you want but I can recollect liking the series back then :P

Rahul Reddy: A good book for children. Or to know how a boarding school feels. I liked the book but there were some places where the characters felt stupid[i guess that has more to do with me grown out of that age/phase]. all in all a good read but children/teens will enjoy it more

Leila El-ayadi: The Malory towers series by Enid Blyton follows a group of girls as they go through boarding school. The main character darrel who is determined to be brilliant at school is sidetracked by mischievous girls who get her into all sorts of trouble. The books, written in the 1940s/50s may seem dated but I think are classic and can still be enjoyed by girls today. They paint a good picture of what life would have been like and could be used alongside history lessons to gain some social context, or to base a drama series on or children's own school adventures. The language will stretch children and is great to read alone or for reading to a group of children. My mum read these books when she was young, I read them when I was young and a high ability 7 year old I'm tutoring is also reading the series which proves they can be enjoyed by anyone!

Sanjali Ahuja: i learn the complete sequence LIKE four occasions since it IS SOOO GOOD!!! :-)

Akshata: enjoyed it studying virtually twenty years ago! It used to be striking remodeling me to the area of Enid Blyton :)

Chitvan Chamadia: It was once the ebook we lived via in boarding school. The mid-night feasts used to be its top reward to us.P.S.- We have been stuck :P
