## Description

What did the dead man know?

Jimmy Blacksheep, a Navajo member of the New Mexico National Guard recently returned from Iraq, is killed in what appears to be a carjacking gone wrong. But when Navajo Police Special Investigator Ella Clah receives a mysterious package in the mail, she begins to suspect that Jimmy's death is part of something larger.

Ella finds she must use Navajo lore, not FBI cryptography, to decode Jimmy's message. Tantalizing clues link Jimmy's death to his military service—but what could the medic have seen in Iraq that would make him a target for murder back home?

Ella's personal life seems just as complicated as her case. Her mother, Rose Desteau, marries her long-time beau, Herman Cloud. Then the father of Ella's daughter, Dawn, asks for a change in custody arrangements that will reduce Ella to a weekend mother—a much easier fit with her workload but something that will take a terrible toll on her heart.

## Insightful reviews

Laurie D'ghent: So refreshing to find a police novel that's not all blood and guts and really twisted crimes. A little swearing, no sex. I would read more by the authors.

Rena: I love the genre, so I will continue to read this authors' books.

Edie: Not one of the better ones. Much of the book dragged on and on without much of interest.

Michael Starsheen: one other nice access during this series! gave this booklet 5 stars since it was once suspenseful, wealthy in cultural diversity, and quickly paced. i like to recommend this ebook to a person who wishes a very good read.

Alyson Cline: for those who like Tony Hillerman kind books - you are going to get pleasure from this!The major character, Ella Clah, struggles to stability her own existence with kin and her daughter along with her lifestyles as a tribal police officer. within the Navajo approach - stability is the way in which of harmony. The characters are good rounded and the non-public struggles are good balanced with the investigation. The descriptions of the hot Mexico surroundings supply a view of the Shiprock and Window rock parts from the navajo point of view - all in all wonderous!

Douglas: i actually do take pleasure in those Ella Clah mysteries on 3 levels. First I benefit from the southwest environment and Navaho mysticism. This brings again thoughts of the time we lived in Arizona and explored issues corresponding to Chaco canyon and the 4 corners zone with the ladies and while i used to be a graduate scholar at ASU and it used to be a paranormal and enjoyable time. On a moment level, the tales are only sturdy cop mysteries. The crimes are solved and the circumstances equipped utilizing simply reliable outdated labor and police

---

strategies with out preternatural insights akin to Sherlock Holmes or another mysteries series. On a 3rd point I benefit from the improvement of some of the characters and again characters whose tales are woven into each one book, all of that can be learn as stand alone, but that have built over the series. The subject of Ella looking for stability as a unmarried mother and head detective, of her mom who's discovering a brand new feel of worthy and objective and Ella's daughter who has long past from "the child" to a willful and wily teenager.
