Description

Fourteen years since its first publication, the bestseller *Nasty People* has been revised and updated to cover the motivations of nasty people, how to avoid confrontation with a nasty boss, how to handle a nasty spouse, and much more, including: How to break the cycle of nastiness A new understanding of personality disorders and depression Narcissism, nasty behavior, and self-doubt Nasty people and self-validation The role adrenaline plays in nasty behavior and our responses to it. Everyone knows a person who has been hurt, betrayed, or degraded by nasty individuals or has experienced it themselves. In three books, Jay Carter, Psy. D., shows readers how to stop this cycle of overt and covert abuse, without resorting to nasty tactics. Now for the first time, this series is released together to cover all areas of dealing with difficult people. With straight-talking advice, real-life anecdotes, and psychology that makes sense, Carter explains how to handle and stop painful behavior that harms both the perpetrator and the victim.

Insightful reviews

Paulette: Be careful, once you learn how to define the sick behavior that surrounds you, you may not like anyone! But, there is redemption in learning that the Invalidator is a personality not a person and you gain tools to learn how to deal with them.

Leslie: Explains why people bully, invalidate, and are mean...gave tips on how to respond to such people.

Zach Liang-: here is my review
