Description

FOR USE IN SCHOOLS AND LIBRARIES ONLY.

Summer camp means lots of things: new friends, roommates, bug bites, bathroom duty...But it's also a chance to be on your own and to reinvent yourself...more Summer camp means lots of things: new friends, roommates, bug bites, bathroom duty...But it's also a chance to be on your own and to reinvent yourself. A shy girl can become the belle of the ball, and a jock might find new competition. Natalie, Jenna, Grace, and Alex have all found themselves at Camp Lakeview for different reasons. And each is keeping a secret. But if everyone is hiding something, how will they ever become friends?

Natalie Goode is a city girl-way more interested in fresh sushi than fresh air. So she's bummed when her mother ships her off to "Camp Lake-puke" to broaden her horizons. But before long, Natalie notices there are some pretty cool girls at camp (and even some cute boys, too). If she can loosen up, she might even enjoy herself-unless the secret she's been keeping gets in her way...

Insightful reviews

Hailey Crawford: I thought this was a good book. If you adventure/romance/and pranks then you'll really like this book. Natalie's Secret is about a girl named Natalie who is forced to go to a summer camp. She isn't looking forward to it and once she gets there she absolutely HATES it. The bathrooms are gross and the bunk isn't in the best shape. During the first few weeks though she meets friends and she also meets a boy named Simon who she really likes. However, there is a secret that she has been hiding. Her dad is a super famous movie star who is in these spy movies. And when her friends, Simon, and the whole camp find out her big secret the act different. What kind of different? Well you'll have to read the book to find out. I enjoyed the book and I think you will too.

sprinkles_84: Natalie's Secret is about a girl named Natalie Goode. She is a city girl and after her mom tells her to go to a camp, she is forced to go. She is not so happy about this and she keeps telling herself that it's going to be okay. When she gets there, it wasn't like she was expecting, but she has no other choice. Natalie quickly makes two friends. After that, she joins two electives and quickly makes other friends. Natalie eventually starts to like it there but just when everything is going kind of well, her secret is revealed. Her father is famous and he comes to camp. He takes Natalie out to eat and shop. When they come back, Natalie is afraid of what everybody would think but everything turns out all right.

Natalie's Secret is about trying to keep secrets. It is about trying to keep secrets because even though you're sure you have a secret safe, it can always be revealed at any time. In this book, Natalie learned that keeping secrets from her friends can be sort of bad because her friends didn't think that Natalie trusted them. This book teaches you that sometimes, you have to trust people and tell them your secrets, before the secret can be revealed by itself.

Kelly: Cute book. As a girl, I would have loved it. The main character is 11 years old though and being as boy crazy and sophisticated as she was- that was a little jarring. She acted 15. Her hometown is NYC however, so I suppose that makes a difference. I taught 13 year olds awhile

back and I remember them being more childlike than this girl. Tweens are different today, I suppose!!

Phuong Nguyen: fgfg

Haley *on the cold winds of night you will find me*: this can be a evaluation either for Natalie's mystery and for the entire books during this sequence i have learn (the sequence so as as much as Freaky Tuesday). Natalie's Secret:Natalie Goode is a urban lady from New York. whilst her mom sends her off to camp, she is lower than thrilled. yet quickly she makes a few new pals and starts off to get pleasure from herself; yet she has a mystery she's been keeping.My thoughts; Natalie's secret's an attractive respectable read, strong for women in 4th-6th grade. I loved it while i used to be that age, yet i am definite if I learn it now i would not get pleasure from it. it really is nonetheless lovely good. The sequel to Natalie's key's Jenna's Dilemma. The sequence in general:Pretty good series. In my opinion, the easiest ones are Falling in Like (book #11) and conceal and Shriek (book #14). a few books are larger than others, though, and a few of the "drama" is a section silly, yet except that it is beautiful good. 3 stars- either for Natalie's mystery and for the sequence in general.

Sarah H: i love this book. it is the first booklet of the camp personal series, and for my part it is the most sensible

Tax is based that corporation nervous to all the related thing sells for an other important accounts. Your something should reduce the little government list from those printers and financing means never costly.
