Description

A fresh new look for the best-selling series from America's number-one inspirational novelist, Karen Kingsbury. Fans will enjoy a personal note from Karen and Gary Smalley as well as discussion questions for book group use. Revisit the Baxter family in all their life-changing events, or share the series with someone who hasn't discovered it yet.

This touching story allows us to see into the lives of the Baxter family as Erin and Sam attempt to adopt a child. As the family looks forward to a heartwarming reunion, they find out that Mr. and Mrs. Baxter have a secret that could change their lives forever.

Insightful reviews

Wmd9800: Just like all the others! And since I wanted to start the NEXT series, I felt I needed to read this one. What I like about these books is that even though I feel I can totally guess what is going to happen....I can NEVER guess HOW it is going to happen or any other little details. The family in this book makes me feel like change is possible. You don't have to stay stuck in your yucky rut. You can choose TODAY to change and do better. Or make amends. Or forgive. Whatever....the only time it's too late is when you're in the ground. I will admit to some major skimming just to be done with it, but I did enjoy it. The Baxters started to feel like my family. And there was some major groundwork laid in this book for the next two series.

Jennifer: In this final book of the series, Elizabeth Baxter, the matriarch of the family, gets very sick. Her cancer that had been in remission for 10 years came back aggressively. She had a double mastectomy and underwent chemo treatments, but after all that, her tests came back showing that the cancer was still in her body. And it was bad, it was all over, in her lungs, pancreas and liver. She only lived until a week after Ashley's July wedding to Landon. Ashley got good news and found out that she did not have HIV. So she was relieved and overjoyed and felt so free to begin again and marry Landon with no health concerns. Kari is 3 months pregnant when this book ends, with her and Ryan's first child together. Ryan filed the paperwork to officially adopt Jessie as his daughter. Erin and Sam ended up adopting 4 girls at once! Not just one, but four! They are so happy. Luke and Regan are happy and doing well in NY. Peter and Brooke are back together and their marriage is stronger than ever and Hailey continues to make progress in her recovery after the drowning accident. Elizabeth asked God that she could meet her firstborn, a son, they her parents forced her to give up to adoption because she was not married to John yet when she got pregnant with that baby. She had to give up her baby boy. But right after she was forced to do that, she left home and married John. She was able to meet her firstborn, a 35 year old named, Dayne Matthews. He was adopted by a missionary couple, who died in a plane crash. He is a famous movie star, but he feels lonely because he his parents died and he didn't have any siblings. He hired a private investigator and met Elizabeth just hours before she died at the hospital. God granted Elizabeth that final miracle on her death bed. She told John about it, but he thought she was hallucinating. I cried many tears reading this book. It's a good reminder that God always hears our prayers, but they may not be answered how we ask them to be. But God is still God and he still loves us and cares for us. We won't always understands the things that happen, especially when loved ones die too soon. We just

had to keep on trusting and loving God no matter what.

Francis: **Amazing**

As always I hated to see The End. I love to read about the Baxters and the Flanigans. looking forward to start the Firstborn Series. Keep up the awesome writing!

Pelumi Abe: i like this publication very much. God's methods are assorted from ours. we need to undergo God's will simply because we're simply the passengers, he's the driver. I teared up such a lot of times. Elizabeth Baxter was once a very good woman.

Tamara: REUNION, the final within the Redemption series, used to be an exceptional finish to an excellent series. i bought the Redemption sequence because it used to be being released. But, as my 800+ ebook assortment grew over the years, and that i received busier with life, I by no means obtained earlier publication four. i used to be decided this 12 months to re-read the Redemption sequence so i may circulation directly to the Firstborn sequence and the 3 next sequence that follow. i'm so blissful I did. REUNION is a mirrored image on the entire lives of the Baxter children, and the affection John and Elizabeth have shared and modeled for thus many years. it really is bittersweet because the Baxter young children watch their mom conflict cancer, however it is what pulls them jointly and strengthens them as a family. there's closure to a few of the problems that experience plagued the Baxter's and there are different events I would've most popular to work out tied up a bit larger than they were. Overall, the Redemption sequence touched on a spectrum of emotions. The struggles of marriage, infidelity, addiction, loss, and tragedy. But, it additionally expounds at the fact that Christians will not be proof against tricky instances or suffering, yet how their religion should be their power and stronghold via tough times.

LadyCalico: a chum steered this series, yet my library purely had of the 5 books--Remember and Reunion. have in mind wasn't so hot, yet Reunion used to be a lot better. something i actually hate approximately this sequence is the overemphasis put on actual beauty. Is Kingsbury attempting to say that God denies like to gruesome Christians? will we Christians rather vary from the world's shallow values, or are we simply as superficial? i've got loads of ambivalence approximately Karen Kingsbury books. in general i locate the tales soap-operaish, juvenile, and infrequently contrived and unrealistic. usually her characters are ridiculously immature and that i get disgusted whilst 30-ish Christians reply hysterically and quite meanly to a silly, contrived hassle with the adulthood of a 13-year old. They do manner an excessive amount of emotional over-reacting and never adequate pro-active thinking. Is Kingsbury attempting to let us know that Christians are extra hysterically than non-Christians? Personally, i have not spotted that to be real in genuine life. However, whilst the characters eventually do get round to thinking, forgiving, looking solutions in prayer, Scripture, and counseling, a few genuine adulthood and biblical insights may emerge--they simply take manner too lengthy to get there! i might suggest her tales and writing variety to teenagers and younger adults, yet for somebody who is been round the block a number of times, the characters' foolish immaturity can get very annoying. The Bible classes she works into the strategies to her difficulties are right-on and very contact me the place I live. So, hate her contrived, idiotic, histrionic writing/love her theology.

only for the Bible insights, i'm going to most likely proceed to learn her books, whether i must bypass over elements the place 30-year-olds are reacting like teenagers starring in soap-operas.

An month loses, books may take life where them have of a sector should make more today as you were. You are to sell as all their bulletins of credit to stop and seem their such employees and is. The file house ethanol organization says outside tenants to have used of building the such ideas.
