Description

WHO DO YOU WANT TO BE?

Everybody at Seiyō Elementary thinks that stylish and super cool Amu has it all: But nobody knows the real Amu, a shy girl who wishes she had the courage to truly be herself. Changing Amu's life is going to take more than wishes and dreams—it's going to take a little magic! One morning, Amu finds a surprise in her bed: three strange little eggs. Each egg contains a Guardian Character, an angel-like being who can give her the power to be someone new. With the help of her Guardian Characters, Amu is about to discover that her true self is even more amazing than she ever dreamed.

Insightful reviews

Grace: Hinamori Amu is the most popular girl at Seiyō Elementary school, known for her edgy fashion sense and "Cool-n-Spicy" attitude. Hell, even her own parents are huge fans of her. But in reality, Amu is just a scared girl who just wants to be cuter and more honest.

Enter three eggs, who hatch into Guardian Characters, sort of mascots who represent who Amu wants to become. Ran represents her desire to more athletic and honest. Miki is her wish to be more artsy, and has her stubborn attitude. Suu is the girliest of the three and is Amu's hopes to become more domestic.

Amu isn't the only one with Guardian Characters. There are also the Guardians, her school's student council who protect the happiness of the student body while also searching for a special egg called the Embryo, which is known to grant any wish. Among them are the childish Ace chair, Yuiki Yaya, the free spirit Jack chair, Souma Kukai, the refined Queen, Fujisaki Nadeshiko, and the popular yet kind King, Hotori Tadase.

But there's another group after the Embryo; a corrupt organization named Easter. Two of their workers also have Guardian characters. The stubborn idol Hoshina Utau and the reckless Ikuto, who may not actually be the enemy...

This is easily my favorite magical girl manga of all time. There are a whole bunch of characters that enter the story, and secrets revealed that you may not have seen coming.

Unless of course you go to the forums or blogs. But if you're looking to be surprised, be sure to look into this great series.

Nicole: Whilst I'm no longer the intended audience for this series (more for tweens and young teens and I am now 17) it was enjoyable to read through this series after watching the anime many years back. The manga doesn't have as many fillers as the anime did, and took me on a joyful nostalgic ride with enough childish but strong emotional hope to remind me how this series inspired me as a younger teen. A story about fighting for your dreams with a magical girl twist is a great book for pre-teens and young teens a like who are newly or already interested in manga!

Sparo127: Shugo Chara is a lovely manga series! It turned out better than I had expected to be. Amu Hinamori, the main character, acting 'cool and spicy' at her school but that wasn't her true character. So she wish to be reborn as her true self. Her wish came true and there were three

eggs on her bed. She was astonished about it. She brought them at her school where she met the Guardians of Seiyo Elementary. She had a crush with the prince, Tadase who was in the king chair. Once she confessed to him that she loves him but he turned her down so she ran and fell in a hole and saw a cat eared teenage boy, Ikuto. He stole her red egg but it hatched. Her name was Ran, a Guardian Character that helps Amu to find her true self. The other two eggs hatched after that incident. Second egg that hatch was Miki and third was Su. Ran make Amu good at sports, Miki makes her good at art and Su makes her good at cooking and cleaning. Her adventure goes on.... Read the book to know more! Its a fun series and has a good plot! There is an anime show of this but isn't as good as the manga.

Demo: You know, I were making growth with writing my draft. obtained a complete 3 pages out of how in an hour. yet then i found Shugo Chara! and now my agenda for the remainder of the week is down the drain.

Holly Letson: 3.5* I watched the anime first, so a number of the terminology within the manga sounded atypical to me. specifically "the self that i need to be", while the anime OP subject acknowledged "my would-be self". Also, the "Negative Heart, Lock-On!" that I enjoyed lots within the anime, turns out lacking from the manga. except that, and the way visible it's that the mangakas are Amuto fangirls (which I despise, seeing that i'm a Tadamu fangirl), the manga is a good read...even for these of us, who watched all the anime first. whatever the seen pushing of the Amuto pairing within the manga, it truly is great to work out numerous cases of IkUtau and Tikuto within the manga as well....both of that are far better pairings than Amuto. Also, it really is unhappy that not one of the Guardians--excluding Amu herself--can do the nature Transformations, yet, basically the nature Change.

Aurora: large adorable read! i really begun interpreting this simply because within the end result basket anime, Kyo says that shugo chara is his favourite show. So, naturally, I needed to try it out and that i gotta say, i am liking it so far.

CAGR Hague is the government price help that thereby progresses offer reams of how the customer sink is but can enable listed damages.
