Description

In this contemporary version of the traditional folk tale a mother and her two teenage daughters living in New York City offer hospitality to a stranger in need and are rewarded generously.

Insightful reviews

Julia: I absolutely fell in love with this book! It was funny, faith filled, action packed and an over all good read. I could relate to the character, Blanche, so well. The book was well written. It was so easy to relate to the characters. I read all of Regina's books and none of them can compare to this one. I recommend it to anyone who wants a Catholic, good, fiction book. Great for teens!

Mary: Loved it! Bear is totally mine. Just sayin.

Alexandra Ray: I absolutely love this book. I can't give it enough praise. The characters, the story, everything about this book is lovely and memorable.

Personally, I've never identified with a character more than I have with Blanche Brier, the reluctant heroine. She's a girl with real fears, real desires, real instincts, and real faith. She's strong in her weakness, and that's not a trait I've found in other literary heroines these days, where courage only seems to be noticed and praised in the Katniss Everdeens of the world. It's refreshing to read a character like Blanche, because it gives us normal people, with fears and no exceptional fighting ability, hope that we can do something extraordinary if the opportunity presented itself.

Rose, the antithesis of her sister, fills the book with an air of confidence and color, balancing out Blanche perfectly. She's a character who brings out the best in those around her, a trait needed for both Blanche and Bear.

The enigma of Bear was wonderfully written. He left me questioning and hoping that he was real, and with ever passing page I fell for him with Blanche as he proved his worth tenfold. He truly is a modern dream prince! If I can find a guy half as good as him, I'll be a very lucky girl.

Lastly, I want to comment on the Catholicism that runs deep within the characters. It truly is the heart and soul of the book/series. It was so ridiculously refreshing to read characters of faith, who demonstrated what it truly means to be a Catholic, to live the faith.

Katherine Williams: Let's face it: looking for any type of Catholic YA fiction is virtually very unlikely those days. yet in some way in excessive school, i used to be brought to Regina Doman's fairy story series. even though it accommodates Catholic values, you don't need to be non secular to fall in love with this series. the 1st publication within the sequence is named The Shadow of The Bear, and this booklet is delightful. It has truly develop into considered one of my favourite books ever. I say this to somebody who asks me approximately Doman: she is not only a writer, yet she can be a very good instance of a storyteller with an untouchable faith. This tale stars Blanche, a Senior in excessive school. Blanche is feeling like she's the

unusual one out due to bullies in class pondering she is a “goody two-shoes.” She additionally feels passed over since it feels like she lives at the back of her little sister Rose’s shadow. Most folk recognize Blanche as a truly quiet, wakeful and concerned girl. Yet less than that layer of shyness you find that she is particularly studious and peaceful, as she likes to play piano and skim literature. One day, a homeless guy named Undergo looks on Blanche’s doorstep, requesting help. So Blanche and Rose supply to aid him, and the 1st time they arrive jointly Blanche doesn’t say much. Undergo continuously comes again to go to them and little by little, they either begin to turn into friends. Blanche finally ends up going to promenade with Undergo as her date, and regrettably discovers the secrets and techniques of his haunted past. Regina Doman is admittedly talented. She did a superb activity of incorporating little bits of Brothers Grimm’s Snow White and Rose right into a modern-day story. Her writing by no means faltered, as I consistently felt like I used to be at the fringe of my seat. Through the tip of the story, I felt like I wished it to maintain going and not end. My favourite part of the tale used to be the entire characters. I discovered all the characters relatable, and inspiration Doman offered them in a really noble and humble way. If I needed to choose one personality that I beloved out of the rest, I might say Blanche simply because I think that I relate to her the most. However it didn’t take long for me to fall in love with Rose’s optimism for life, Bear’s protectiveness in the direction of the folk he loves, and Fish’s mysterious ways. I am looking to pass on approximately this book, yet I would like you to move out and realize the wonderfulness of this booklet for yourself. In the event you haven’t learn it yet, I

Miss Clark: alterations from the former edition: Page sixteen [the half approximately intuitions for Blanche and the complete “We’ll see him again. There’s no getting out of it now. We permit him in.”] Chapter 3: Hmm, like outdated description of Rose’s worldview better, yet I additionally relatively like this one. I would prefer extra approximately that really. It used to be the very first thing that truly stuck my cognizance the 1st time I learn the book. pages 35-37. Chapter 4, web page 47, approximately their dad nonetheless retaining them. That’s new, right? I admire it. Chapter five : I admire the full church scene. I constantly have and that I nonetheless do. web page 56. Like another person mentioned, I love the absence of Blanche “working up the courage” to slide the snowball down Bear’s again and simply doing it unexpectedly. Chapter 7; I admire the way you extra in Blanche getting a piece extra upset/ offended whilst Rose tells her Rob invited her to the prom. It simply makes it more uncomplicated to narrate to her and you’ll see how that used to be tricky for her. Chapter 8: I too just like the previous scene larger for the thrift shopping. I love the finishing of that bankruptcy better, with Blanche wondering Rose approximately why Undergo retains part of his lifestyles separate and that it’s a secret to her.

Regina Doman: complete disclosure: I wrote this book. It used to be my first released e-book and may constantly have a distinct position in my heart. The 1st e-book within the “Snow White and Rose Red” trilogy. Enjoy!
