Insightful reviews

Debby: I thought I'd try one of her earlier books to see if I'd like it better than later books of hers that I've read but just didn't quite "get into". I must be missing some gene for liking Anne Tyler books is all I can say. The writing style, the characters, the plots...don't capture my attention. Oh well...on to something that will. :)

Stephanie: Perfectly observed novel telling the story of Elizabeth, an aimless teenager who takes a summer job as handyman to an eccentric recently-widowed woman. Mrs Emerson and her bizarre brood of seven children come to rely more and more on Elizabeth, causing her to reject their neediness and leave. The Clock Winder revisits Elizabeth at intervals over some years as she gravitates around the Emerson family, both attracted and repulsed by them. I love Anne Tyler's descriptive writing and the way she can portray fine nuances of character through deceptively simple dialogue. This is primarily a novel of characters rather than action, accurately described by Dave as like watching a French film. An emotional read.

Arwen56: Della Tyler non è che abbia mai avuto una grande opinione, ma una cretinata come questa ci vuole un bel talento per scriverla. Un bel talento per la stupidaggine. Allora perchè hai letto tanti suoi romanzi, direte voi? Perchè, talvolta, in alcuni passaggi dei suoi scritti, coglie momenti ed esprime le sensazioni umane in modo veramente azzeccato.

Ma mi sa, ormai, data l'esperienza fatta, che le capita per puro caso e non perchè rifletta davvero sui problemi.
Bye bye, Mrs. Tyler

Melaniedk: Anne Tylers books are constantly an engaging journey. This ebook used to be a great deal a magazine of a lady named Elizabeth. She had continuously grown up pondering she broke everything. Then, she reveals the Emerson's and becomes the individual that fixes every thing for them. it is a very insightful book, and extremely quirky. i like the realness of Anne Tyler's characters.

Marli: this is often the second one publication by way of Anne Tyler i've got learn and her type mustn't ever be my cup of tea. The writing is superb and compels you to maintain studying yet for me it truly is to determine extra in regards to the characters and that by no means turns out to happen. i need to no longer be solid at extrapolation from the knowledge that's given me simply because i simply cannot love them or perhaps stay alongside of them. I longed to grasp extra approximately Elizabeth as she touched the lives of the folks round her yet she remained

an unreadable personality. i'm certain this can be a fault of my very own notion as I did learn this e-book in its entirety with no owning the feel of every characters purposes for doing what they did. i'm going again to re-read Rosamunde Pilcher and revel in books i may dwell in.

Amy: the tale line used to be attention-grabbing and that i discovered it a quick read. It was once bizarre on the finish of the publication notwithstanding while Peter comes domestic for a unforeseen stopover at along with his new wife, PJ. i discovered myself attempting to determine who Peter is and the way he pertains to Mrs. Emerson as he by no means performed a task within the tale until eventually the very end. It used to be complicated and that i could not work out why the writer further this half on the end. I loved the connection among Mrs Emerson and Elizabeth, after which the romance among Elizabeth and Matthew. i used to be stunned that Elizabeth by no means simply instructed the Emerson's how Timothy's suicide happened, in order that they may simply know. If the finishing hadn't been love it was, i would not loved the total tale much better. The finishing used to be too challenging for me installed relation to the remainder of the story.
