Insightful reviews

Christopher Ru: I thought that it was a great book and i was very interested in it because i like fish and the sea.

Marissa: Loved it!!!

Talia: This book was so good!! My book club has different tastes. One of us likes action, one of us likes anything she reads, and the other one likes anything that could happen, realistic and this is a good combination. This books was about the last book in the series, so in any Gordon Korman book it is a cliff hanger and we finally found out the truth about their summer.

(?—?) Evelynn: The hustle and bustle of airport site visitors turns out to don't have any influence on 4 Poseidon teenager interns as they sit, looking ahead to their planes to start boarding. They sit down in silence, as though afraid that if somebody says a word, this singular second of all of them being jointly for most likely what's the final time should be shattered and they will all get up from a dream. Abruptly, that quiet is damaged by means of one of many boys slumping onto the opposite boy's shoulder, noisily snoring softly."Ugh, get off me, Dante!" exclaims the second one boy as he pushes Dante off his shoulder.Dante shakes his head and adjusts his glasses. "Oh, did I fall asleep?"He's replied through a unanimous "Yes!" "Oh. Sorry, Kaz. i did not sleep strong final night. I stored dreaming that i used to be nonetheless in decomp."Kaz nods slowly, absentmindedly. He feels a similar way. in recent years all he is been dreaming approximately is the nightmare that had rather occurred - at seven-hundred toes under the skin of the ocean.Rest of evaluate to be written later.

6nicholas: I gave dive three a 3 superstar simply because there has been no longer a lot motion however the tale line is excellent yet you want to learn the 1st and moment booklet so it makes sence. The ebook is set 4 divers which are trying to find treasure yet there are dangourus such things as sharks and abstacies to get to the treasure. My favourite half used to be on the finish and it was once shocking yet you'll want to learn the publication to determine what occurs on the finish of the story.

Lisa: i admire Gordon Korman's humorous books. this is often extra critical than what i am used to.
