Description

Alfred of St. Ruan's Abbey is a monk and a scholar, a religious man whose vocation is beyond question. But Alfred is also, without a doubt, one of the fair folk, for though he is more than seventy years old by the Abbey's records, he seems to be only a youth.

But Alfred is drawn from the haven of his monastery into his dangerous currents of politics when an ambassador from the kingdom of Rhiyana to Richard Coeur de Leon is wounded and Alfred himself is sent to complete the mission. There he encounters the Hounds of God, who believe that the fair folk have no souls, and must be purged from the Church and from the world.

Insightful reviews

Denise: One of my all time favorite books...actually 3 novels in one book (follows a time line).

Laura: This is a "nurture versus nature" tale, with some (okay, a lot of) historical fiction thrown in. I can see how some could find it a bit dry, but if you can handle detail, it's a lovely read.

Harper Kingsley: Three great books in one large edition. Follows Alfred, a monk of St. Ruan's that is pulled out into the world against his will.

A foundling, he has lived at St. Ruan's all his life. And as all his friends and peers age and become men, he stays a youth. As such, he is kept a secret of the abbey, protected from the Church and the rest of the world.

A beautifully written set of historical novels featuring kings and intrigues and knights and ladies and monks. It just happens to surround an idea of elves and magic.

Jen: decades due to the fact I pulled this e-book off my shelf. In actuality, it is an omnibus version of a trilogy. half out of date fantasy, half old fiction established round the 4th Crusade, this is often the tale of a guy who's torn among how he was once raised and what he might become. The moment ebook specializes in the autumn of Constantinople, and is attention-grabbing and terrible at any time when I learn it. How simply non secular crusades should be twisted....I benefit from the author's writing, which frequently jogs my memory of Janny Wurts', established mostly on how she manages to make her characters endure internal torment after internal torment due to their consciences and but look actual and sympathetic figures none-the-less.

Cheena: I learn this booklet many years in the past and that i enjoyed it alot! it truly is packed with magic i believe the most constitution Alf is the best,he is going via believing he's a few evil creature without a soul shelterd in an abby to assembly a woman who indicates him who he rather is and to reside existence with no beating himself up for what he is.

Gina: comprehensive interpreting the 1st publication during this series: The Isle of Glass. I enjoyed the brilliant mixture of knights and crusades with the magic of the elves. enjoyed the

characters. This sequence was once prompt through @ElioandLinda of westeros.org
