Insightful reviews

Ed Patterson: What a perspective.

Julia: i enjoyed this? man, how does one write about plays. i mean, er, i've succeeded in writing about my opinions of plays before, but this one has notably little/zero stage direction, which somehow makes it harder, and more difficult to ignore that this is a thing meant to be performed and not read. like, the direction and performance choices would be really crucial for this one—i could see it coming off as super obnoxious if performed badly. but like, judaism! women! wit! how could i not enjoy this, of course. the only thing I can think of to say is that the portrayal of the bi character felt kind of ~problematic~ but who knows, maybe it was faithful, as a not-bi person i can't really speak to the Bi Experience. but like having a guy leave a girl because he realized he "misses men" seems like the sort of plot point that, from what i've read, bi people generally aren't into/think is a false portrayal of how they actually act. but this is a minor part of the play—it's mostly of the "judaism! women! wit!" goodness.

Steven: The ups and downs of Jewish American Princess sisters as they reach their forties...

Ellen: total a very likeable play. That appears like rather a bland and banal assertion to make a few play yet I did consider that this used to be a truly likeable piece with a few nice older (40s -50s instead of simply 20s) girl characters which lower than the ideal path and with the appropriate actors enjoying them may possibly rather come to life. i assume the most topic of this play is id or loss of it. Its now not the worlds most unique subject and that i do not believe its a play with the intention to flip your international on its axis yet then i do not believe each play must do that. a few are extra refined of their message. The writing to me is especially strong, choked with humour and heat and each time I picked it up I felt like i used to be coming again to an outdated friend. i feel this can be a piece to be able to entice a large element of audiences and even supposing this can be set within the 90s I nonetheless imagine its a proper piece for this present day and up to now has elderly well.

Brielle: lovely stable story. stress-free characters.

Amy: one other fave by means of play by means of Wendy Wasserstein. the 1st one who I ever observed staged. And now that i've got daughters of my own, much more meaningful.
