Description

Verhaal van een schipbreukeling die tien dagen zonder eten of drinken op een vlot ronddobberde, tot held van de natie werd uitgeroepen, door schoonheidskoninginnen werd afgezoend en door de publiciteit in goeden doen kwam, maar het toen bij de regering verbruide en voorgoed vergeten werd

Insightful reviews

Maria: This is a journalistic reconstruction of what happened on a clear calm early 1955 morning on a destroyer traveling from Mobile, Ala. to Cartagena, Columbia, when eight sailors were suddenly swept overboard and the lone survivor thereafter battled overwhelming odds during more than 10 days at sea. Published in serial form in a local Bogota newspaper later that year, the straightforward narrative account contains little of the flow and rhythms of Marquez's later dancing prose. Only the entire title:

The Story of a Shipwrecked Sailor who drifted on a life raft for ten days without food or water, was proclaimed a national hero, kissed by beauty queens, made rich through publicity, and then spurned by the government and forgotten for all time

is evocative of the more familiar mature Marquez style, but his fans may appreciate this early journalistic piece as prelude to his later short stories and novels.

dirt: shipwrecked sailor reminds me a lot of life of pi with the whole lost-on-a-boat-trying-to-find-a-reason-to-survive plot. in my opinion, sailor kicks pi's ass hands down because it really fucking happened to this guy. yikes.

i was totally immersed in the world this book creates. i read most of it one morning and the only thing that brought me out of it was people's bathroom noises. otherwise, i was out in the ocean; thirsty, battling sharks, and trying to eat my shoe.

Auca Maillot: Es un libro bueno. Ya me había gustado Robinson Crusoe, por lo tanto este libro es algo parecido.

En general, lo escribe bastante bien, es llevadero y lamentablemente es corto.

Según las estadísticas del ebook reader, tardé 3 horas en leerlo, con un promedio de 176 palabras por minuto.

García Márquez sumó una ficha para que lea otro libro. Esta bueno.

Ya tengo Crónica de una muerte anunciada, así que lo voy a empezar más adelante

? Crystal ?: three stars. This tale was once initially advised in 14 installments for a newspaper in Columbia. there has been a few controversy over the tale as Columbia used to be ran by way of a dictatorship on the time. the tale revolves round his fight to stick alive for 10 days with out nutrition or water. it truly is rather extraordinary and i am grateful that he survived to inform his story.
